**III. Old Business**

**IV. New Business**

We would like to consider allowing the Records Office to make an internal update directly to the “Typically Offered” field, when specifically directed by the department, to ensure the information displayed is accurate. This field is highly visible in Stellic, and we want to ensure students are seeing the most accurate course offering information possible. Currently, there are some discrepancies between actual course offerings and what is reflected in CIM. This would be a one-time adjustment for this semester only, intended to ensure that when Stellic goes live, the data accuracy reflects department plans. After this correction, the standard CIM process would remain in place for future updates.

*M/S/P to approve on first reading.*

**V. Consent**

[ESSKIN.BS](#) – program revision; removing two electives; effective Summer 2026.

*Item moved to actionable item at next UCC meeting.*

**VI. Future Business**

*Meeting adjourned at 4:19 p.m.*
