Tutorial Topic: Free Agents

In some cases, individuals interested in participating with Intramural Sports may not have a team. These individuals are classified as “free agents,” and are welcome to join a free agents list in IMLeagues in hopes of finding a team.

Note: Following these steps/guidelines does not necessarily guarantee an interested participant will be picked up by another team. In the event there are multiple participants on the free agent list, Intramural Sports administration may create a team roster comprised of all free agent players.

Steps

[Sign In to IMLeagues Here](#)

1. Sign in the IMLeagues and find the activity in which you would like to play.
2. Click on the league page to see a breakdown of divisions and any applicable teams who may have signed up already.
3. Once you find the division you'd like to play in, you can click the “Join as Free Agent” button in the upper right corner of the division display. You could also go directly to the “Free Agents” tab at the top of the screen. Both of these sections are shown in the pictorial on the next page.
4. Clicking the “Free Agents” tab at the top of the page will direct you to the list of individuals currently signed up as free agents. The “Join as Free Agent” feature will take you directly to the online waiver.
5. Here you can also write a description about yourself. This can range from your interest in the activity to any athletic experience you may have. Consider this a recruiting tool teams looking for free agents can use!
6. Once done completing the waiver and submitting your description, you can post your listing as a free agent. Captains will reach out to you (fingers crossed) if they need additional players.
