## **Tutorial Topic:** Schedule and Standings

### **Steps**

### **Sign In to IMLeagues Here**

1. To access a team's schedule, login to IMLeagues and go to the league page. Leagues are titled by the type of league (i.e. Men's, Women's, Co-Rec, etc.).
2. Each league is divided into "divisions." Click the division page, which is titled by day and time of regular season contests (i.e. "Monday 7:00 PM").
3. From each division page, teams can see standings, a weekly schedule, score ticker, team lists and upcoming matchups.
4. Teams may also choose to view schedules and standings from their own team page. In the team page, individuals can view their next scheduled contest, division standings, team roster, player statistics, discussion forums and much more!

Standings are updated immediately after scores and recorded.

Schedules are published when a division either reaches capacity or a registration period has ended.

It is recommended participants download REC\*IT to view schedules and standings straight from their smartphones for free!

**See our brief schedule and standings pictorial on the next pages.**
