

## University of Wisconsin-La Crosse Recreational Sports Department Transportation and Use of Archery Bows

Members of the University of Wisconsin-La Crosse (UW-L) Archery Sport Club must be aware of University rules pertaining to firearms and other weapons on campus. In addition, each member who stores their bow on campus must understand their obligation regarding the guidelines and the ensuing consequences if any guidelines are violated.

**The current university policy in regards to firearms and other weapons as outlined under Chapter 18.09 (3) Dangerous Weapons under the student code of conduct states: (a) No person may carry, possess or use any dangerous weapon on university lands or in university buildings or facilities, except with the written approval of the chief administrative officer or for law enforcement purposes. (b) No person may display or portray as real any object that resembles a dangerous weapon on university lands or in university buildings or facilities, except with the written approval of the chief administrative officer. (c) Dangerous weapons in violation of this subsection may be confiscated and removed from university lands by police. (d) In this subsection, the term "dangerous weapon" has the meaning specified in s. 939.22 (10), Stats.**

Therefore, bows may only be used on campus during a sponsored club practice or event at a designated activity area or other approved facility (North Campus and Mitchell Hall Fieldhouse); bows must be transported in a locked carrying case while on campus; and bows stored in the REC must be checked in/out of the secured storage area with a Recreational Sports staff member. Under these conditions, all archery club members must agree to abide by these regulations and understand that every member is required to complete this form.
