Subject: Expectations while in Isolation/Quarantine

Once you have been notified of the need to isolation or quarantine, the following policies apply to you. These instructions are in place for all students residing in Wentz Hall regardless of duration of stay.

1. You must remain in your assigned room, only leaving to use the restroom, do laundry, or heat up food.
2. If you are moving between your room and the bathroom, laundry room, or microwave, you must wear a mask. You must not have extended contact with anyone you pass in the hallway.
3. You cannot enter another student's room. No additional people are allowed to enter your room. Guests are not allowed in Wentz under any circumstance.
4. Do not let anyone into Wentz Hall. Do not prop open exterior doors to Wentz Hall which may allow others to enter.
5. You can leave Wentz Hall to pick up meals during the following times. You are expected to go directly to the meal tent and return to Wentz to consume your meal.
   - Breakfast: 9am-9am
   - Lunch 11:30am-1pm
   - Dinner 5pm-6:30pm
6. You may leave Wentz Hall to exercise outdoors (walk, run, hike, etc.). You must do so alone. Return to Wentz immediately when done.

Failure to comply with these instructions will result in a review of your Housing Contract. After review, your Housing Contract may be cancelled, in which case, you will be unable to remain living on campus. In addition, your behavioral choices will be reviewed in the context of the Student Code of Conduct by the Student Life Office.

University Police will be completing regular rounds of Wentz Hall and ensuring that all residents are complying with these instructions.

We understand this is not an ideal situation. This communication is intended to provide clear guidance about what you can/cannot do while staying in Wentz Hall. Our goal is to protect the health of the campus community.
