Senior Staff Video Guidelines 2020-2021

The Senior Staff presentation is meant to be a time when returning staff members can feature their knowledge, skills, and abilities that would be beneficial to the Senior Staff position. The format will be a video to attach to the application. The video should be 7-10 minutes long. The way in which you address the prompts and the way you want to present is up to your discretion. Take the time to showcase your personality and the information in a way that feels comfortable and authentic to you.

Please follow these instructions to share your video with us via your application:

1. Please create a YouTube account if you do not already have one created.
   a. Please note that we will instruct you on how to make sure your video is not open to the public.
2. Record yourself using your preferred method of recording following the prompts on the back side of this sheet.
3. Click the video camera with a plus sign icon at the top of your YouTube window to create a new video. After you see the dropdown menu, click “Upload Video”:
