

UWL FOUNDATION SCHOLARSHIP PROGRAM

APPLICATION DEADLINE is February 15, 2021

Here are some instructions:

- Sign-up using your UWL NETID and password at <https://uwlax.academicworks.com>
- Complete the general application. Please note that you must upload your most recent unofficial transcript. If you don't have access to the transcript immediately, please upload a word document as a placeholder until you can upload the transcript. This is a required field and you won't be able to complete your application and apply for scholarships without something in the transcript upload field. Please keep the filename short – the system will not accept files with long names.
- After your application is complete, you will be prompted with a list of “recommended scholarships.”

The screenshot shows a web application interface with a navigation bar at the top containing 'My Applications', 'Opportunities', 'Donors', 'References', and a user profile 'Sara Olson'. On the left, there is an 'Application Progress' sidebar with a green checkmark for 'General Application' and a red circle for 'Other Recommended Opportunities'. The main content area is titled 'Recommended Opportunities' and includes a search bar and a table of scholarship listings. Each listing includes an award name, a brief description, an 'Apply' button, and a deadline of 02/15/2021.

Award	Name	Actions
Varies	<u>Toward Self Reliance Scholarship (CLS)</u> open to only a female with preference given, but not restricted to non-traditional (non-traditional defined as 25 years or older), non-degree,...	Apply by 02/15/2021
