E-mail sent to Joint Planning & Budget from Bob Hetzel
19-21 Capital Budget Update

Colleagues,

I'm delighted to inform you that Governor Evers has recommended the following UWL building projects for inclusion in the 19-21 capital budget:

83,020,000 Prairie Springs Science Center Phase II
49,035,000 Fieldhouse
15,251,000 Coate & Sanford Residence Hall Renovations
13,822,000 Graff Main Hall HVAC Renovation

The next steps in the 19-21 capital budget process are for the State Building Commission to approve the Governor's recommendations when the Commission meets on March 19th followed by approval of the Joint Finance Committee when the Legislature completes the 2019-21 biennial budget later this year.

UWL is very appreciative of Governor Evers' support for these projects and we're hopeful the Legislature will also be supportive of these recommendations for the 19-21 capital budget.

Attached is a complete summary of the [Governor's recommendations for the UW System's capital budget for the 19-21 biennium](#). Please feel free to let me know if you have any questions about the capital budget.

Best regards,

Bob
