

# UNIVERSITY OF WISCONSIN-LA CROSSE

## *Submit your student ID photo*

The Identification (ID) Card is used to authorize use of campus resources available for students, and it serves to verify current students at UWL. Students can submit their photos to the ID Card Office through the “GET” photo upload program.

Photos must be uploaded by June 5 in order for us to have your student ID card ready for immediate pick up when you arrive on campus for START in June. Students will be asked to provide official photo identification (driver’s license, passport, etc.) when they pick up their ID to confirm their identity. Students who have not uploaded their photo by the June 5 deadline will have their photo taken and also receive their ID card during the START program.
