Navigating the AR - The AR is organized into collapsible *sections*. Sections contain collapsible *sub-headings* that categorize requirements. *Requirements* specify what a student needs to complete in order to satisfy degree requirements.

By default, expanded sections contain components with unsatisfied requirements; collapsed sections reflect completion of requirements for that section.

To individually expand or collapse a section, click the green arrow next to it. You can also use the Collapses All and Expand All buttons at the top of the report. All green arrow icons toggle between collapse and expand.

The AR sections are organized by current course enrollment, university requirements, general education requirements, college/school core, courses not allocated, major, and minors, honors/certificates.

Sections of the AR

1. The **Course Enrollments/Academic Standing** section contains currently enrolled courses, pre-registered courses, any incompletes, and the student's academic standing. In the My Planer version and the What-If Report version, courses added in those reports will also appear here.

COURSE ENROLLMENTS/ACADEMIC STANDING

List includes current and any future UWL enrollments. Courses with Incomplete (I) grades will also appear here. You have one calendar year to earn a grade (12 months, following the term in which the incomplete was incurred, whether or not you remain enrolled). Failure to do so will result in a grade of "F" being posted to your record. Once graded, the course will no longer appear here. (RG-19999)

Not Satisfied: CSH 60 UNITS: ASSURANCE OF PROGRESS TO DEGREE POLICY (RG-24079)

The College of Science and Health is committed to student success and completion of a baccalaureate degree in a timely manner. Students must have a declared academic major* after the completion of 60 credits. For programs requiring an application for admission, students must be admitted to that program or have a qualifying second major** after the completion of 60 credits.

* The undeclared major is not an academic major.
** A qualifying second major will not have a competitive application process.

Students who do not meet this requirement will

- (1) have an advising hold placed on their registration for the next semester;
- (2) be required to make an appointment with staff in the College of Science and Health Academic Services Office to discuss plans for degree completion and to request removal of the advising hold.
