# Using My Planner

My Planner allows students to map out what courses to take, term by term, using the requirements from the Advisement Report. It also connects to Schedule Planner so that students can add a planned course into their schedule during the appropriate term.

**Important:** the Advisement Report in My Planner closes requirement sections once a course has been added to your plan. However, the regular Advisement Report does not close that section until after you have actually registered into the course. It also shows the most up to date information about grades and credit totals. Thus, to avoid forgetting to register into the course and make sure you know what requirements are left, check your regular Advisement Report every semester as well. Directions on using the regular Advisement Report are separate.

# Add Courses to My Planner

1. To get to the Planner, click the **Plan** link in their Student Center. Or select **Academic Planner** from the dropdown.

2. Click the **Plan By My Requirements**. This is the My Planner Advisement Report, a copy of your regular Advisement Report where you can select courses from what requirements still need to be met.

Tip: Remember to remove courses from My Planner after enrolling or completing the class to avoid the course showing in the report twice, which can throw off credit totals.

4. Review the Course Details, including the Enrollment Information which will include prerequisites if any and the course description. Click on View Class Sections to find out if any sections are being offered in the upcoming term. A section will open up below. Be sure to look at the Terms Offered menu to see what terms are available. You can change terms by selecting another one and clicking Show Sections.

To estimate whether a class will be offered in a term that has not been scheduled yet, review the **Typically Offered** information. Please note that the terms listed are only an estimate, not a guarantee, from the department on the next time the course will be offered.
