AT A GLANCE

**Purposes**

- To better understand how students learn what you teach
- To create usable products for other teachers in your field
- To improve teaching through systematic, collaborative inquiry
- To build a pedagogical knowledge base in which teachers can benefit from one another’s knowledge of teaching

**Project Logs**

1. Form a Team
2. Develop Student Learning Goals
3. Plan the Research Lesson
4. Gather Evidence of Student Learning
5. Analyze Evidence of Student Learning
6. Repeat the Process

**Final Products**

- Research Lesson Plan
- Observation Guidelines
- Research Lesson Report
