ANNOUNCING
UNDERGRADUATE SUMMER RESEARCH FELLOWSHIPS
COLLEGE OF SCIENCE AND HEALTH
2015

Details  Dean’s Distinguished Fellowship program offers several $4,000 fellowships to be awarded to undergraduates for summer research projects. Application information can be found at the URL listed below or using the QR code.

Purpose  To foster collaborative research between an undergraduate student and her/his faculty mentor. This program encourages students to participate in a range of scientific experiences, including project design and implementation, analysis and summary of results, and professional communication of findings.

Eligibility  Any student with a declared major in a College of Science and Health program. Applicants must be in good academic standing, have successfully completed 30 credit hours of coursework at UW-L, and have at least one semester remaining before graduation. Research associated with this fellowship requires close collaboration between the student and sponsoring faculty mentor.

Time required  Students will be expected to work on their projects for at least 30 hours per week over a 10-week period during the summer (starting approximately mid June).

Credits  Students must enroll for one (1) credit of research during the summer (e.g. BIO 499, CHM 499, CS 499, GEO/ESC 490, MIC 499, MTH 499, NMT 499, OT 499, HED 495, ESS 324 or PHY 498).

Questions?  Talk to a faculty member who might be willing to collaborate with you. Please be sure that you and your mentor read through the specific fellowship policies at:
