Math REU and Internship Experiences

Student Presentations

Department of Mathematics
University of Wisconsin - La Crosse

Mathematics students will present their summer 2014 REU or internship experiences. Students will present basic information on the program which they participated as well as research results which they found.

- Jacob Gloe: Summer Undergraduate Research Fellowship (SURF) program at Mayo Graduate School in Rochester, Minnesota
- Lance Hildebrand: Johns Hopkins University Applied Physics Laboratory (APL)/NASA Internship Program
- Carly Shinners: Research Experience For Pre-Service and In-Service Secondary Mathematics Teachers in Combinatorics, Design Theory, and Graph Theory at Illinois State University
- Casey Shiring: Mathematics Biosciences Institute (MBI) Undergraduate Research Program at Ohio State University

There will be Tea and cookies before the talk beginning at 2:45pm in Cowley 102. We hope to see you there!

Friday, November 21st
3:30pm, Room 1401

All Welcome to Attend
Centennial Hall
