Do Something Epic!

Dr. Jake Manske
Epic Systems
Verona, Wisconsin

Epic makes software for mid-size and large medical groups, hospitals, and integrated healthcare organizations working with customers that include community hospitals, academic facilities, childrens organizations, safety net providers and multi-hospital systems. 54% of the US population is cared for using Epics award-winning software. Come to this informational session to find out how your mathematics or computer science background can open the door to a rewarding career in the growing healthcare IT industry.

There will be networking with the representative from Epic over Tea and Cookies before the talk beginning at 2:30pm in Cowley 102. We hope to see you there!

Jake Manske received his PhD in mathematics from Iowa State University in 2010 and was a faculty member at Texas State University before starting a career as a Business Intelligence Developer at Epic in Verona, WI.

Thursday, February 19th
Time: 3:30-4:30pm

All Welcome to Attend
1309 Centennial Hall
