WELLNESS

La Crosse County Health Programs

This Summer we all will get outside a little more for exercise, dining, and/or traveling. The following are some resources from the La Crosse County website to help you make good choices and be well informed.

Local

Worldwide

- Restaurant Inspections
- Traveler’s Health
- get active

On your own

Link to the La Crosse County Health Department and what they have to offer...

Mission: Protect, promote, and improve the health of all people to enhance the quality of life.

Vision: The La Crosse County Health Department will employ well-educated and committed staff that collaborates to provide and advocate for effective and innovative initiatives assuring everyone lives in healthy and sustainable environments with access to tools to improve their own lives.
