Welcome to UW-La Crosse!

You will be invited to attend a transfer student information session on Sunday, September 6, 2015. Details regarding time and location are still being finalized. Please refer to the website for updates as more information becomes available.

The intent of the orientation is to offer transfer students the opportunity to familiarize themselves with our programs and our campus. Some of the information included will be an overview of the Office of Academic Advising, Student Life, Records and Registration, and several other campus activities and programs. In addition, you will have the opportunity to get your photo taken for your ID card and pick up your textbooks.

Prior to arriving on campus you should become familiar with your UW-L student e-mail account to check for messages/updates. You should also check your WINGS account to review your class schedule and other academic and financial information.

I hope that you take the opportunity to become more familiar with the campus and programs and meet some of your fellow transfer students. We look forward to welcoming you to campus.
