As a second degree student, you will not receive a credit evaluation. You will need to consult with the Dean's Office for the College to which you are assigned (see letter of admission) to determine which courses you need to complete to earn your second undergraduate degree. We recommend that you contact the appropriate academic assistant to the deans/academic advisors listed at www.uwlax.edu/Admissions/Admitted-second-degree-student. Click on the “Advising & Registration” tab.

Additionally, students who have graduated from a regionally accredited institution other than UW-La Crosse must meet all core, professional, diversity and major requirements for the second degree, and earn at least 30 resident credits beyond the first degree. You will work with the appropriate academic assistant to the deans/academic advisors to determine program specific requirements.

REGARDING YOUR LETTER OF ADMISSION

Your admission has been granted based on your past academic record and, if applicable, any courses in progress this year. Final admission is contingent upon:

a) Receipt of an official transcript that includes fall semester grades no later than January 30, 2016.

b) Receipt of a final official transcript that includes grades from the spring 2016 semester on file in the Admissions Office by July 1.

c) If you are also taking summer session courses elsewhere, we must receive an official transcript with spring grades by July 1 and we must receive a final official transcript with summer session grades by August 28.

d) If you have an established grade point average, it is our expectation that you will maintain this grade point average.

e) NOTE: Final transcripts will be reviewed to check grades. Poor academic performance may result in your admission being rescinded.

It is important for you to know that certain undergraduate programs are highly selective and applicants must meet additional requirements for entrance into a program. Your letter of admission does not guarantee admission into any program of study.
