REGARDING YOUR LETTER OF ADMISSION

Your admission has been granted based on your past academic record, and if applicable, any courses in progress this year. Final admission is contingent upon:

a) Receipt of a final transcript that includes the grades from the semester you are currently enrolled. This official final transcript must be on file in the Admissions Office by January 5. If you are also taking winter intercession (J-term) courses elsewhere, we must receive an official transcript with fall grades by January 5 and we must receive a final official transcript with winter intercession (J-term) grades by February 1.

b) If you have an established grade point average, it is our expectation that you will maintain this grade point average. We do review final transcripts to check grades. Poor academic performance may result in your admission being rescinded.

As a second degree student, you will not receive a credit evaluation. You will need to consult with the Dean’s Office for the College to which you are assigned (see letter of admission) to determine which courses you need to complete to earn your second undergraduate degree. We recommend that you contact the appropriate academic assistant to the deans/academic advisors listed at www.uwlax.edu/Admissions/Admitted-second-degree-student/. Click on the “Advising & Registration” tab.

It is important for you to know that certain undergraduate programs are highly selective and applicants must meet additional requirements for entrance into a program. Your letter of admission does not guarantee admission into any program of study.

Additionally, students who have graduated from a regionally accredited institution other than UW-La Crosse must meet all core, professional, diversity and major requirements for the second degree, and earn at least 30 resident credits beyond the first degree. You will work with the appropriate academic assistant to the deans/academic advisors to determine program specific requirements.
