Each year, the UWL College Financial Aid Office awards $84 million in aid in the form of tuition, state and federal grants and student employment. Approximately 70% of UWL students receive financial aid each year.

Students apply for financial aid by completing the FAFSA (Free Application for Federal Student Aid) online at www.fafsa.gov. PDF forms are also available in spring at the time you choose “FAFSA Filing Option.” You should complete the FAFSA by March 15, 2016, for priority consideration for need-based financial aid. The College Financial Aid Office recommends that families use the “WIS Data-Driven Option” when completing the income section of the FAFSA.

We also encourage you to attend a “College Goal” workshop in your area. This event helps families and students with the FAFSA sections of the FAFSA. Participation in undergraduate research and innovation, and the discovery and dissemination of new knowledge.

About Us

The Office of Undergraduate Research and Creativity is dedicated to fostering curiosity and the lifelong pursuit through collaboration, innovation, and the discovery and dissemination of new knowledge.

There are many ways to get involved, from supporting a faculty member working on or seeking a student researcher, to conducting your own research project. The Office of Undergraduate Research and Creativity is here to help you get on track and start the research project, fund your research through grants, and other funding opportunities.

Many major banks and lending institutions offer student loans to Minnesota residents. Contact the Minnesota Office of Higher Education at 800.657.3866 for more information or go to www.ohe.state.mn.us/ssl/.

FAST TRACK:

First Class is a pre-college mathematics enhancement program for incoming freshmen identified as needing additional college-level mathematics skills.

First Class is a hybrid summer mathematics enhancement program where incoming freshmen develop their mathematical skills online for one week before coming to campus for a one-week campus stay. The goal of the program is for students placed into MTH 050 or 051 to increase their skills in order to place into a higher mathematics class. To learn more visit the First Class site at www.uwlax.edu/firstclass.

FIRST FLIGHT:

First Flight is a great option to consider if you want to get to know the UWL and other incoming freshmen. This program will include an orientation session, learning more about the UWL experience, and meeting other first-year students. We can only accommodate a specific number of students at each event or in order to provide adequate advising for all students.

Are you interested to take part in this program? If so, please email our office at admissions@uwlax.edu. Please email our office at admissions@uwlax.edu. If you are no longer planning to attend UW-La Crosse for Fall 2016, in order to help us plan for the hundreds of incoming freshmen, please let us know you are no longer planning to attend our university.

Housing Application

The housing application has multiple purposes. This is where you will notify the UW-La Crosse Admissions Office of your housing preference. Additionally, the housing application is where you will select what type of residence hall you prefer. You must be a student admitted to the University of Wisconsin-La Crosse to apply for campus housing.

1. College Level Examination Program (CLEP) credits are also available. A “4” or higher on IB-Higher Level exams are eligible for credit. A score of “3” or higher on the AP Exams are eligible for credit.

2. UW-La Crosse offers 750 resident student positions, including new students, transfers and returning students in triple rooms. The summer housing application is assessed for living in one of the first year experience halls.
