II. Approval of Minutes for January 15, 2015 Special Meeting

III. Guest Speaker: Bob Hetzel

Bob first gave a summary of up-to-date information on the proposed budget as of today 2/9/15:

- The proposed budget asks for a $300 million cut to the base budget. The UW System will have a Public Authority status. A Public Authority is a quasi governmental agency.
- This means that the UW System will have a $150 million cut per year from the base budget. UW-L’s share would be 4.23 percent or $6.435 million per year.
- The proposed budget does not include a pay plan for any public employee.
- Certain benefits were not included in the proposed budget but will add to the $6.435 million cut per year, such as Fringe Benefits and Municipal Services.
- JP&B will convene next week to address the budget proposal. Representatives from the governing bodies will attend. Revenue opportunities will be a topic.
- Every department/office needs to help out with budget cuts. We are all in this together.
Sample Questions/Topics for Bob about the Governor’s Budget Proposal

1. Chapter 36 – What is the future of shared governance? There should not be a risk of losing shared governance. Shared governance does not need to be a state statute. It is not a statute in other states.

2. How will this affect NIAS? We will have to look at non-Instructional positions. Vice Chancellors will need to make adjustments. They should be able to handle cuts without layoffs.

3. Will there be an impact on progression for NIAS? Progression should not be affected. It’s financed by retirements.

4. Thoughts on Ray Cross’s memo regarding travel, hiring freeze: This is not applicable to UW-L. This concerns UWS Administration.

5. Will building projects such as Cowley Hall and Wittich Hall continue? Wittich and Cowley will still go forward. There are some delays such as the architectural selection for Wittich. Phase 2 of Cowley is delayed. Bob is concerned about the need for a new residence hall. The Field House may not go forward. It is a concern.

6. Can UW-L increase admissions? A little bit. Increasing enrollment is an option, but we need to sustain current enrollment.

7. How will budget affect accrued sick leave, vacation, and retirement? Benefits, such as retirement, will still be covered under a Public Authority. These are driven by ETF.

IV. Full Council vote on the UPS Policies and UWS Chapters 4, 7, and 11: Florence Aliesch and Sheila Wirkus gave an overview. It was decided to hold a vote by e-mail. Program assistant will email the attachments for UPS Policies and Chapters 4, 7, and 11 to the full council so that they can read them before voting.

V. Old Business: Sheila Wirkus will ask the Bylaws/Elections committee about the upcoming elections.

Check to see if Scott Stine can attend a meeting to discuss Tuition Reimbursement. May help employee morale.

VI. New Business: PD Committee will meet his afternoon and make a decision about PD Grants.

Florence Aliesch will ask Brad Quarberg how funds for PD Grants were established.

Total amount is $15,000 (102 Funds)

III. 10:35AM Madeline Holzem, Joy Gutknecht, and Beth Hill (Payroll and Benefits)

• Panel Search Update: Joy spoke to this item. There has been no negative feedback about using the Panel Search as an alternative to the Search & Screen process. The Panel Search has been presented to other comprehensives. The subject matter expert and the supervisor both attend the firs screening and face-to-face interview. Pat Markos asked about the supervisors roll. Entire panel is involved in the interview stage. The supervisor does not interview candidate alone. The supervisor must also tell HR the name of the subject matter expert. The panel does meet each other before the interview begins. Richard Sims asked about the length of time for posting. National search is posted for 30 days; local, 2 weeks. This is the same time length as Search & Screen posting. Joy will update the panels so there is no misunderstanding about this.

• UPS memo and Operational Policies (OPS): Discussed making the choice to change from classified to academic staff. The choice is voluntary and it is not associated with a change in pay raise. Contract status only will change. Sixty-five to 70 employees have exempt status. Change can be made at any time, but a person cannot revert back. Drea
presented Madeline’s memo and the link to the System Operational Policies. The UW System policies will be consolidated with the Operational Policies. There will not be much change. We will no longer be a part of OSER. Classified Staff Council will become University Staff. System would like feedback by December 12, 2014 but feedback is welcome after that date. Classified has reviewed the policies. The consolidation of System policies and OSER will have affect on the academic staff.

- ASC would like to verify that they will be informed of any other new UPS policy changes before they are implemented.
- Confirm when UPS will start: July 1, 2015, but System would like change to be official 8/1/2015. JOKER has approved the July 1 start date.
- Titling: Whenever staff is re-titled, CUPA will review the new title. Madeline said to make an appointment with HR to see the CUPA data on your title. If a staff member gets re-titled, funding for the position will automatically be added to the office budget. Any questions about title should be directed to Human Resources. Richard Sims asked about moving within the System. To move within the System (no prefix to senior) you must have completed 5 years at UWL.
- Spousal Hiring Policy: At this time, policy will not be reviewed. It is used for attracting and retaining qualified employees and can be used at any time—there is no time limit. The benefit applies to Instructional academic staff, NIAS, faculty, and administrators. The policy is online at http://www.uwlax.edu/Human-Resources/Spousal-and-partner-hiring/
