1. What qualifications do you have which would help you be successful in this position? Also, what leadership positions have you held which will help you in this position.

   Last year I was involved within hall council, as a wing representative, so I am familiar as to how residence life works within the residence halls. I am also a Desk Assistant at Reuter Hall which further familiarized me with residence life. Attending GLACURH (a leadership conference) allowed me to enhance my leadership skills especially within residence life, which will further aide me if elected into R.H.A.C.. My prior experience within residence life has not only prepared me for R.H.A.C., but will help me to become successful in this position as well.

2. What do you feel R.H.A.C.’s role in the campus community is?

   In addition to sponsoring and putting on campus events, R.H.A.C. is also responsible for advocating for on-campus residents. R.H.A.C. plays a critical role within residence life by becoming a representative for the plethora of students who reside on campus.

3. Why do you want to be involved in R.H.A.C.?

   My desire to become a part of R.H.A.C. started when I attended GLACURH (Great Lake Affiliation of College and University Residence Halls). After attending this conference I realized that I loved attending conferences and was immediately
I would love to be involved in R.H.A.C. to become more informed about residence life and help advocate for issues brought up by residents of UW-La Crosse. R.H.A.C. is an organization that I feel passionately about; I know I will have many opportunities to make an impact and I intend to make the most of it if elected. While I have not been heavily involved within R.H.A.C. in the past I hope to become an integral member in the 2015-2016 school year.

4. What do you feel are some issues that you feel are important, and you think R.H.A.C. should look into next year? What would you like to accomplish in this position?

One important issue that I find critical for R.H.A.C. to tackle this upcoming school year centralizes around budget cuts. I think it is important for R.H.A.C. to be cognoscente about how the budget cuts will impact residence life and the events they will be offering. I would like to accomplish this by becoming more informed about what the budget cuts entail, and reporting it back to R.H.A.C. and the on-campus student population. The budget cuts have been a hot topic this past year, but I think it will be important to know exactly what these budget cuts will mean to organizations such as R.H.A.C.

5. What sets you apart from any other candidate applying for this position?

My passion and persistence is something that sets me apart from other candidates. I rarely sit back when confronted with a problem, rather I am proactive in trying to solve it. These traits will help me to stand out as well as benefit me if elected as the National Communications Coordinator.
