1. I am currently a sophomore majoring in Economics and minoring in International Business and Statistics. This past fall I served as an Eagle Guide, helping new students become acclimated to campus. I also serve as a member of the Student Support Services Leadership council, planning workshops and events specifically for first generation students, students with high financial need, and students with disabilities. I am on the Reuter Hall CORE Leadership team, serving as a liaison between Reuter Hall and the Dining Services Committee, as well as planning and assisting with different programs in Reuter Hall. Lastly, this past year I have served as the Social Media Chair for Wisconsin Covenant Scholars.

All of these positions have helped me to significantly improve both my leadership skills and my team building skills, which along with my interest in business and mathematics makes me a great candidate for R.H.A.C. Treasurer.

2. R.H.A.C. has several roles in the campus community. R.H.A.C. provides a way for students’ voices to be heard in decision making, as each residence hall is represented in R.H.A.C. meetings and votes. R.H.A.C. also provides many opportunities for students to become involved in leadership positions and participate in different activities on campus.

3. I would like to be involved in R.H.A.C. to be part of something bigger. While the other organizations I am involved in can affect the entire campus, they typically are aimed toward smaller subsets of the student population. Decisions made by R.H.A.C. affect all students living on campus and would be a wonderful opportunity for me to be involved in something bigger and work with a larger team.

4. Two things that R.H.A.C. should continually promote are increasing inclusivity across campus as well as increasing awareness of our impact on the environment as a campus community. In a continually diversifying and growing community it is essential that we always work to improve inclusivity and keep our campus environment clean and sustainable.

5. I am very focused on goals – both the goals of the organizations I am involved in and my own goals. I am persistent and won’t let a few setbacks prevent me from accomplishing a goal, as well as also being very organized, reliable, and responsible.
